October 14, 1988

I am pleased to send you a copy of "Heritage 2000 - A Strategy for the Management and Development of Saskatchewan's Heritage Resources." This discussion paper sets out the vision Saskatchewan Parks, Recreation and Culture has for the conservation and use of our heritage assets over the next decade or so. It is intended to serve as a catalyst, a means of jointly establishing directions for the future.

The conservation, management and development of our province's heritage resources depends on the active participation and support of all levels of government, as well as the private sector, the provincial cultural organizations, arm's-length agencies and local community organizations.

Your comments, ideas and input on the initiatives proposed in this discussion paper are very important as, together, we chart our future course. I have asked my officials to set up meetings with the major heritage organizations and agencies in the province to stimulate input into this paper.

If you wish information on the meetings or prefer to provide a written response, please contact "Heritage 2000", Heritage Branch, Department of Parks, Recreation and Culture, 1942 Hamilton Street, Regina, Saskatchewan, S4P 3V7, 787-8164.

I look forward to your candid reaction to, and suggestions for this report. Thank you for your contribution to heritage conservation in Saskatchewan.

Yours sincerely,

A handwritten signature in cursive script that reads "Colin Maxwell".
